## COUNTY LIBRARIES APPROACHING 5 MILLION CIRCULATION MARK

CONTRA COSTA COUNTY— With a little more than 19,000 checkouts left to go, and an average of approximately 14,500 checkouts per day, the Contra Costa County Library will soon achieve a milestone when circulation numbers pass the 5 million mark. Track our progress online with our Internet countdown at <a href="https://www.ccclib.org">www.ccclib.org</a>. Current estimates are that we will achieve the 5 million mark for circulation in the next day or two.

The circulation mark of 5 million is significant for a library with 455,607 borrowers. That comes to 12 checkouts per month per card holder. So thank you residents of Contra Costa County for reading – it's fundamental. A public celebration of this milestone and a launch of the Contra Costa County Library's Summer Reading program will take place in mid June.

Contra Costa County Libraries: bringing people and ideas together. To learn more about our any of our programs and services, including: e cards, Internet "live" chat with a librarian, downloadable content, books by mail, live homework help, business connection, adult literacy and more, please visit us online at <a href="www.ccclib.org">www.ccclib.org</a> or visit one of our 25 community libraries.
